## Message from our Handicap Chairman

PLGA (SCGA, too) now has the new GHIN handicap and administrative system in place. As a result, everyone now has a new number. Don't panic – your new number is your old number preceded by a 9. For you slow learners ☺ if your old number was 12-3456 it's now 912-3456. With GHIN your index will be updated twice monthly – on the 1<sup>st</sup> and 15<sup>th</sup>. You will no longer receive the monthly index stickers. Instead you can look up your index online. PLGA is in process of setting up their system so that you will be notified of your index via email. We're also soon going to be sending you the Casey's newsletter via email. If we don't already have your email address, we will soon be asking you for it. Using computers at the course, with GHIN you're no longer restricted to posting rounds played only at that course; you can now post rounds played at any course. However, on course computers, you can now look up indexes only for people who are members of that course's club. For example, at Simi Hills, you can only find indexes for members of the Simi Hills Men's Club. We have been advised that this will be fixed, but we don't know when.

## New Members
